

## Marine Calibration Kit

This Marine Calibration Kit enables the user to perform temperature and pressure tests, measurements and calibrations for all types of instruments. It contains a complete pressure test set as well as a temperature test including all necessary accessories and certificates according to IMO regulations.

Marine Calibration Kit comes in different types:

Type	Pressure	Temperature
MCK 60/200	-1/60 bar	200°C
MCK 60/650	-1/60 bar	650°C
MCK 300/650	0/300 bar	650°C
MCK 700/650	0/700 bar	650°C
MCK 700/850	0/700 bar	850°C

Most requested and applicable Marine Calibration Kit is the MCK 60/650 Kit purchasable under article number:

**142576\_S**

The Marine Calibration Kit type MCK 60/650 (shown on picture) consists out of the following instruments:

- SIKA Temperature calibrator 230V 50/60Hz
- SIKA TP 60 bar pressure test kit
- SIKA Digital test pressure gauge
- WIKA Test pressure gauge 0-60 bar/psi 1.0
- Infrared Thermometer
- Test certificate for SIKA temperature calibrator
- Test certificate for SIKA digital pressure gauge
- Test certificate for WIKApresure gauge
- Heavy duty Peli case trolley
- Seals
- Accessories
- Adaptors
